TOVA J14

CHASSIS

LIGHT DUTY CITY TRUCK

The TOVA J14 is the flagship product of the TOVA CITY series. The TOVA J14 represents a significant step forward for businesses seeking a cost-effective yet reliable solution for their transport needs. It delivers a winning combination of affordability, reliability, and cutting-edge features, making it a compelling option for companies aiming to optimize their operations with minimal investment.

Affordability Meets Reliability

At its core, TOVA J14 trucks are engineered to offer exceptional value for businesses of all sizes. The truck is designed with durability and performance in mind, ensuring it can handle the most demanding city operations. Whether navigating congested urban streets or hauling loads across longer distances, the **TOVA J14** maintains non-stop performance. This reliability is crucial for businesses that rely on their fleet to maintain uninterrupted operations, ensuring that downtime is kept to a minimum and productivity remains high. The TOVA J14's affordability does not come at the expense of quality. It is competitively priced, making it accessible for small to medium-sized enterprises as well as larger corporations.

Enhanced Comfort and Safety

One of the standout qualities of the TOVA J14 is its focus on driver comfort and safety. The truck is equipped with a suite of features designed to ensure a smooth, safe, and enjoyable driving experience. The inclusion of a class-leading MP5 entertainment system allows drivers to stay entertained during long journeys, while the advanced Mirroring system along with a Rear-View Camera offers an extra layer of safety, making navigation, reversing and parking in tight urban spaces easier and much safer.

Class-Leading Solution for Businesses

The TOVA J14 is much more than just a truck - it is a complete solution for businesses seeking to improve their transport capabilities while maintaining control over costs.

Its blend of affordability, reliability, and advanced features makes it a standout option for any business or personal usage. With driver-focused features, active and passive safety systems, cutting-edge technology, and rigorous performance testing, the TOVA J14 is designed to meet the unique demands of urban transportation.

For businesses looking to invest in a reliable, efficient, and affordable transport solution, the TOVA J14 offers everything needed to stay ahead in a competitive market, ensuring smooth operations and continuous performance across a variety of industries.

AVAILABLE COLOURS

BLUE WHITE SILVER

LESS FUEL. MORE POWER

TOVA's 2.8L Diesel Engine with 78 horsepower boasts enhanced fuel efficiency. It operates with an efficient and durable transmission, resulting in powerful, yet smooth operation, even at low speeds. The versatile system will make your operating costs affordable with its high performance in the city.

CLASS LEADING JAPANESE TECHNOLOGY

ISUZU Diesel Engine

The TOVA J14 truck is equipped with a high-performance **2.8L ISUZU 4-Cylinder Diesel Engine**, offering exceptional reliability and continuous, top-tier performance.

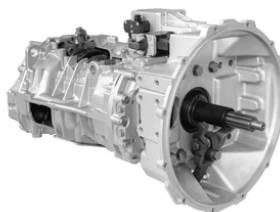

SURROUND REARVIEW MIRROR SYSTEM

The TOVA J14 features an advanced mirror system designed for maximum visibility and safety. It includes twin side mirrors, a front under-view mirror, a side under-view mirror, and a rearview camera. The fully covered rearview mirror offers significantly more coverage than standard side mirrors. The larger main mirror provides a clear rear view, while the sub-mirror adds extra coverage, ensuring a comprehensive field of vision. This dual-mirror setup eliminates blind spots, giving drivers a much wider view for safer and more confident driving.

HIGH STRENGTH CHASSIS SYSTEM
